

## **Vademecum for inclusion in CREA's Register of Experts**

Council for Research in Agriculture and Analysis of Agricultural Economics, uses a Roll of Experts for the recruitment of Center Directors and Researchers and Technologists and for other duties established by the Board of Directors.

By Director General's Decree No. 0121649 of December 24, 2021, new software was adopted for the registration and management of the Roll. Those interested in enrolling in the Register should submit an application exclusively by filling out the application form available online at the following link:

<https://concorsi.crea.gov.it/webapp/alboesperti>

Those who cannot use the software can apply by filling out the attached “Application for CREA register of experts”, which should be sent by e-mail to [alboesperti@crea.gov.it](mailto:alboesperti@crea.gov.it)

Researchers and technologists from Italian and foreign research institutions, university professors and other individuals with high qualifications and documented technical and scientific experience, with reference to the disciplinary scientific sectors (SSDs) of interest to CREA, are eligible to apply.

Applications for admission will be evaluated, on a quarterly basis, using, as a rule, the following criteria-thresholds: 20 years of professional experience or the possession of a PhD and 10 years of professional experience, as well as relevance to the subjects of the 12 CREA Research Centers.

Applicants must indicate in the application, in addition to their biographical data, no more than three disciplinary scientific fields and upload in the appropriate spaces:

- 1) curriculum vitae et studiorum in European format;
- 2) list of publications in the last five years relevant to the indicated scientific-disciplinary field (list a maximum of 10 publications - giving the full bibliographical reference), with the faculty to indicate a maximum of 5 works from previous years considered particularly significant;
- 3) list of licenced patents and other relevant scientific products with reference to the indicated scientific-disciplinary field.

The positively evaluated applications, will be announced through the publication of the new names in the Register of Experts at the following link:

<https://www.crea.gov.it/en/board-of-experts>

The notice has no deadline, so applications can always be submitted.
