“In the event that the SMTA is used for the transfer of Plant Genetic Resources for Food and Agriculture other than those listed in Annex 1 of the Treaty:

- The references in the SMTA to the "Multilateral System" shall not be interpreted as limiting the application of the SMTA to Annex 1 Plant Genetic Resources for Food and Agriculture;
- While Non-Annex 1 material distributed with the enclosed SMTA does not become part of the Multilateral System, it will however be available under the same conditions;
- In particular in the case of Article 6.2, Article 6.5(b) and Article 6.10 of the SMTA “from the Multilateral System” shall be taken to mean "under this Agreement";
- The reference in Article 6.11 and Annex 3 of the SMTA to "Plant Genetic Resources for Food and Agriculture belonging to the same crop, as set out in Annex 1 to the Treaty" shall be taken to mean "Plant Genetic Resources for Food and Agriculture belonging to the same crop".”

- vii) **Minimum agreed standards regarding management** of the European Collection will be proposed for each crop genepool by the respective ECPGR Crop Working Group and adopted by the ECPGR Steering Committee;
- viii) **Associate Members** of AEGIS will perform all selected activities according to the approved standards;

- x) Each European Accession will have an **identified safety-duplicate** stored under the same or better conditions than the original;

<sup>1</sup> The use of the SMTA does not place any obligation on the Third Party Beneficiary or on the Governing Body to take any action to record or enforce the SMTA in respect of transfers of non-Annex I crops.

xi) For each of the bodies within the organizational framework of AEGIS, detailed **terms of reference** will be established by the ECPGR Steering Committee.
