

VALUE-SHELL PROJECT

FOCUS GROUP MEETING ON SHELLFISH FARMING

7th December 2022, 15:30-17:00 CET

The VALUE-SHELL project is funded by the Italian Ministry of Agriculture, Forestry and Food Sovereignty. It focuses on shellfish farming and pursues the following objectives of sectorial interest:

- 1) provide an updated knowledge framework of shellfish farming at national and community context,
- 2) evaluate the environmental impacts associated with mussel farming,
- 3) identify the main policies directly and/or indirectly supporting the sector,
- 4) identify future intervention strategies with the stakeholders and operators in the sector.

EXPLORATION QUESTIONS

The principal issues to be discussed during the Focus group meeting are:

- the main problems of the sector, as from the perspective of the participants,
- the ability of current policies to intercept and anticipate the needs of the sector.

MEETING'S MODALITY

Participants will be asked to briefly expose their view and/or personal experience on the above-mentioned issues.

The meeting will be held on Microsoft Teams.
