

EJP SOIL ARTEMIS

Workshop on Meta-Analysis

Rome – Italy 22 February 2023

Image courtesy of rawpixel on Freepik

The workshop is organized within the framework of the project ARTEMIS. A series of working sessions will be dedicated to deepening the methodology of meta-analysis applied to agroecology, aiming to quantitatively summarize existing knowledge and outcomes on climate mitigation and sustainable agricultural production in agroecological farming systems in Europe. The event is open to all project partners.
